#### IOWA YOUTH CODE OF ETHICS

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

- 1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
- 2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
- 3. I will treat all people and animals with respect. I will provide appropriate care for animals.
- 4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
- 5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
- 6. If any animal requires medical treatment while at the fair or exhibition, only the Official Fair Veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
- 7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/ or guardian by the management of the fair or exhibition.
- 8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
- 9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the Premium Book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
- 10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbid-

den drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.

- 11. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this Code of Ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
- 12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
- 13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use. I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this Code of Ethics, and any other rules of competition of the fair or exhibition as printed in its Premium Book.

## 4. INELIGIBILITY OF ANIMALS:

- a. Animals changing ownership after being started in a project are ineligible to be exhibited as 4-H or FFA animals for that year.
- b. Any animals offered for sale in an auction or entering the auction gate while an auction is in progress are considered to have changed ownership and are terminated as a 4-H project. Any such animal may not be exhibited again in a 4-H livestock show even if it is bought back by the original owner or if the owner refuses a bid or declares "NO SALE".
- c. Animals which have been previously exhibited at another 2019 4-H or FFA show in another county may not be exhibited at the Delaware County Fair.
- d. All animals and birds must be owned by the exhibitor, or in partnership with an immediate family member (parent/legal guardian, grandma, grandpa, brother, or sister), and identified to an individual 4-H or FFA member or FFA Chapter. When registration papers are involved, the papers must be in the exhibitor's, parent's, guardian's, or farm name.   - b. In case of illness, any boy or girl in the show may substitute another eligible exhibitor to show his/her animal if approved by the Extension Staff, department superintendent, and a member of the Youth Committee.
  - c. In the event of 4-H'er or FFA member entering the service after beginning the project year, his/her project may be shown by another eligible exhibitor.
  - d. In the event a special condition may arise which would prevent the 4-H'er or FFA member from participating in the show or sale, that member must submit a written request to the Delaware County Youth Committee by June 15. In case of emergency situation, the request for a substitute exhibitor will be reviewed and decided upon by Extension Staff, the superintendent of the species involved, and a member of the Youth Committee immediately after becoming aware of the special condition.

- 6. SUBSTITUTE ANIMALS: In case an animal becomes sick or otherwise is prevented from being exhibited, after having been duly entered, a substitute animal may be entered provided if it was recorded in 4-H Online or on the Livestock Identification Report for that species by the member making the original entry.
- 7. First and second prize winners in each individual class are eligible to compete for breed or weight division championship providing they exhibit and receive a blue ribbon placing. No second prize animal shall be eligible to rank higher than reserve champion. Only weight division champions in the beef department are eligible to compete for Grand Champion, and no reserve champion will be eligible to rank higher than a Reserve Grand Champion.

  - b. Superintendents or Extension personnel will contact a show veterinarian to inspect animals in question.
  - c. Upon diagnosis, veterinarian will determine if treatment is necessary. If treatment is necessary owner's veterinarian will be notified to treat unless owner requests show veterinarian to treat.
  - d. Animals requiring treatment will be immediately ineligible for further exhibition in the 2019 county fair shows. The veterinarian will determine if such animals should be removed from the fair. Animals will go home

- or to slaughter depending on treatment and on the species involved.
- e. All animals requested to be removed must be removed immediately upon request by superintendent or veterinarian.
- 15. Market animals must show to be included in the sale and animals must be led only by the exhibitor at the show and sale except when approved under the rules for substitute exhibitors.

# HEALTH REQUIREMENTS FOR EXHIBITION OF LIVESTOCK, POULTRY AND BIRDS AT THE DELAWARE COUNTY 4-H/FFA FAIR

All animal exhibits and their herds must comply with all relevant state health laws and regulations.

## ANY EVIDENCE OF WARTS, RINGWORM, FOOT ROT, PINK EYE, DRAINING ABSCESSES OR ANY OTHER CONTAGIOUS OR INFECTIOUS CONDITION WILL ELIMINATE THE ANIMAL FROM THE SHOW.

<u>All</u> animals and/or birds must be inspected upon arrival when unloaded or shortly thereafter by an accredited veterinarian, regardless of whether the exhibitor has obtained a Certificate of Veterinary Inspection. If the Fair Board contracts with a veterinarian to inspect exhibits in one or more departments, exhibitors in all animal departments will be assessed a uniform fee per exhibit to pay the costs of providing such veterinary services, to be deducted from fair premiums after the fair. This fee will be based on the actual cost of contracting with fair vets, but will not exceed \$1.00 per exhibit. Any changes in this policy will be announced prior to the fair in the 4-H Family Newsletter or other letters to exhibitors, which will take precedence over these printed rules.

Quarantined animals or animals from quarantined herds cannot be exhibited.

#### THE DECISION OF OFFICIAL SHOW VETERINARIANS WILL BE FINAL.

We would like to express our appreciation for the official show veterinarians. The animal shows would not be possible without their volunteer help. Veterinary services for the 2019 fair are provided by: Ryan Veterinary Service,

#### 2a. MARKET BEEF

- 1. Entries are open to market beef projects weighed and identified on or before January 1, 2019. The project shall actually start after October 1, 2018 and before January 1, 2019. All market beef projects must also be verified on 4-H Online prior to February 1, 2019. All Market Beef exhibits must be entered online in FairEntry by July 1. A Market Beef Check-in Form is required and due at fair check-in. Market Beef exhibitors are also required to complete a drug affidavit stating their projects comply with all state and federal regulations involving proper drug usage and all Food & Drug Administration, Animal Plant Health Inspection Service, Food Safety Inspection Service, and Environmental Protection Agency regulations.
- 2. Of the maximum six (6) head weighed in, a maximum of four (4) head may be shown if one is the opposite sex of the other three.

- 3. Minimum weight on entry day of the fair will be 850 pounds for market steers and 800 pounds for market heifers. This weight requirement is low for an animal which is to be marketed. Exhibitors should aim to enter animals weighing between 950 to 1,250 pounds. Dairy Beef entries must weigh 1,000 pounds minimum to show at the fair.
- 4. No animal will be allowed to exhibit which has its permanent incisor teeth up and in wear. Animals may be "mouthed" to determine age if necessary.
- 5. Show classification: all breeds and crossbreds will show together breaking the classes only by weight. A separate class for market heifers will be provided.
- 6. A separate dairy beef class will be held with its own champion and reserve champion. Dairy beef are restricted to animals that are dairy straight bred or crosses of dairy breeds. The animals must have predominately dairy characteristics of the following dairy breeds: Holstein, Guernsey, Jersey, Brown Swiss, Ayrshire, and Milking Shorthorn. Animals in question will be entered in other beef classes.
- 7. Rate of gain data will be printed on a place card to be worn by the exhibitor in the show ring.
- 8. All animals will be entered in the rate of gain contest. Rate of gain will be computed from date of weigh-in to the date of final weight.
- 9. A rate of gain of 2.25 pounds per day will be required for a steer to place 1st or 2nd in its class. For market heifers, the requirement is 2.00 pounds per day.
- 10. All market individual beef projects are to be weighed in at check-in on Tuesday, between 8:00 a.m. and 11:00 a.m. All calves must have 4-H or FFA county ear tag in place when they arrive at the fair. If a tag is lost, it must be reported to the Extension Office and replaced prior to the fair. Cattle from a pen of three are NOT eligible to be shown in the individual classes except under the provisions of section 2 of the Junior Cattle Feeders rules.
- 11. Weight classes will be established so that approximately an equal number of calves will be shown in each class. The weight classes will be determined after weigh-in. All Champions and Reserve Champions from each weight division of steers, heifers, dairy beef, and bred and raised beef will compete for overall Grand Champion and Reserve Grand Champion.
- 12. All county raised market animals are eligible for the County Raised Trophy. (County raised means the animal was born in Delaware County).
- 13. No drugs, artificial stimulants, or relaxants are allowed.
- 14. The Livestock Auction will be held Saturday morning, July 13, 2019. Market beef must not receive feed or water after 11:00 p.m. the day before the sale. Calves will be weighed the day of the sale, and can receive food and water after being weighed.

EXHIBITORS CAUGHT WATERING OR FEEDING CALVES AFTER THE 11 P.M. DEADLINE AND BEFORE THE SALE WEIGH-IN WILL BE DOCKED \$.10 PER POUND AT THE SALE. YOU WILL BE NOTIFIED BY A COMMITTEE OF THE BEEF BOARD THAT YOU WERE CAUGHT. THERE WILL NOT BE AN ANNOUNCEMENT DURING THE SALE THAT A PARTICULAR CALF WAS DOCKED, BUT THE SALE CLERK WILL BE INSTRUCTED TO DEDUCT \$.10 PER POUND FROM THE BUYERS INVOICE. Owners of livestock must stay with animals until loaded by the buyers.

- 15. The sale order for the beef sale will be determined as follows:
  - a. All exhibitors will have an opportunity to sell one animal before those with two animals can sell their second animal. However, an exhibitor who is selling two Champion or Reserve Champion calves may sell both of them before any non-champion calves are sold. Grand Champion, Reserve Grand Champion, Champion, and Reserve Champion calves WILL count as an exhibitor's first round calf. Exhibitors will designate the order in which they plan to sell their animals at the time of weigh-in at the fair. Actual sale order will be drawn by extension office personnel.
  - b. The following procedures will be followed <u>unless the exhibitor notifies the</u>

    Extension fair office no later than 5:00 p.m. Thursday:
  - --Grand Champions, Reserve Grand Champions, Champions, and Reserve Champions that were designated for sale at the weigh-in will be **automatically** moved in the sale order so that they are sold at the beginning of the sale. If the exhibitor had designated a second calf for sale, the remaining calf will be sold in the **latest** position that was drawn for that exhibitor's calves.
  - --If a Grand Champion, Reserve Grand Champion, Champion, or Reserve Champion is withdrawn from the sale after having been designated for sale, the exhibitor may replace it with a calf that had not been previously designated for sale if the exhibitor notifies the Extension office no later than 5:00 p.m. Thursday, that he or she wishes to sell a different calf. If the exhibitor had designated a second calf for sale that

- -- Grand Champions, Reserve Grand Champions, Champions, or Reserve Champions that were **NOT** designated for sale at the weigh-in will **NOT** be sold unless the office is notified otherwise. If the exhibitor notifies the Extension office no later than 5:00 p.m. Thursday, that he or she wishes to sell a Grand Champion, Reserve Grand Champion, Champion, or Reserve Champion calf that had NOT been previously designated for sale, the exhibitor must also at that time designate which of his or her calves will be removed from the sale to comply with rule 15(c) below. The exhibitor's remaining calf will be sold in the **latest** position that was drawn for that exhibitor's calves.
- -- As of 5:00 p.m. Thursday, the sale order will be finalized and no further changes in the sale catalog will be made.
- c. A maximum of two calves may be sold in the sale.
- d. If an exhibitor has shown a third or fourth halter animal, this animal cannot be sold at the auction. The exhibitor may either sell it on the open market or take it back home.
- 16. Special note to exhibitors going through cattle gates once they are in place: Make sure gates are secured before leaving the gate area. This is to prevent spectators from being injured by falling gates. If you open any gate, make sure it is closed after you pass through it to prevent livestock from leaving the barn or wash area.
- 17. It is the intent that the exhibitor take responsibility for caring for and grooming his/her own animals. If assistance is needed it should be aimed at helping the exhibitor learn new skills and be done by an immediate family member (parent/legal guardian, grandma, grandpa, brother, or sister), Delaware County 4-H club leader or FFA advisor, current Delaware County 4-H or FFA member or pre-approved person upon written request to the Youth Committee by June 15<sup>th</sup>. Violations discovered after the class was judged, including after the show, will be stripped of any class placing above third place including loss of trophies and loss of premium. A second violation during the same year or subsequent years by the exhibitor will be reviewed by the department superintendent, extension staff member and representative of the Extension Youth Committee and punishment could include suspension from exhibiting in subsequent Delaware County Fairs.
- 18. Except when they are to be shown in the showring or going to the designated grooming area between the beef barn and swine barn on show day, no beef exhibits (market or breeding) may be removed from the

#### **DEPARTMENT 10 SWINE**

Superintendent: Al Monaghan

Assistant Superintendents: Renee Adams, Nancy Appleton, Kelley Glanz, Katie Hubbard, Jordan LeClere, Lindsay Manternach, Craig Schulte, Jim Shover, and Craig Wulfekuhle

Check-in at the Swine Barn: Tuesday, July 9 – 7:00 a.m. – 10:30 a.m. Judging in the Show Ring: Friday, July 12 - 8:00 a.m.

- 1. All swine must be weighed in at the March 16, 2019 4H/FFA Swine Weighin at the Delaware County Fairgrounds. Hogs must also be ear notched prior to the weigh-in. Maximum allowed to be identified is 10 head. A suggest maximum weight of 50 pounds is strongly suggested for breeding and market swine when hogs are identified. All derby swine must weigh-in under 50 pounds to be eligible for the derby show. Barrows and Gilts in the Market Swine Show & Breeding Gilt Show must weigh between 240-300 pounds with plus or minus 2% in order to be in the Championship Drive. You may still show, but will only be allowed a ribbon and not eligible for the Championship Drive or the Matrix. The Swine Classes at the Delaware County Fair will be cut by the ending weight for the Market (Barrow & Gilt) and Breeding Gilt show, beginning weight will be used for the Derby show.
- 2. All swine must be entered online in FairEntry by July 1. A Swine Check-in Form is required and due at fair check-in. Swine exhibitors are also required to complete a drug affidavit stating their projects comply with all state and federal regulations involving proper drug usage and all Food & Drug Administration, Animal Plant Health Inspection Service, Food Safety Inspection Service, and Environmental Protection Agency regulations.
- 3. Each exhibitor may exhibit any combination of barrows and/or gilts, up to the total number of 4 swine entries. Swine will be shown in separate Market Barrow, Market Gilt, Derby Gilt, Derby Barrow and Breeding Gilt divisions. Each exhibitor may show a maximum of one breeding gilt. Each exhibitor who wishes to show a breeding gilt must designate that pig at the Tuesday Fair weigh-in on the Swine Check-in form. Late breeding gilt designations will not be allowed.
- 4. Exhibitors must notify the Extension Office if a tag is lost and have it replaced prior to the fair.
- 5. All 4-H and FFA swine entered must have been farrowed on or after January 1, 2019.
- 6. Entries are open to purebred, crossbred or grade pigs.
- 7. The Swine Show will be a terminal hog show. Maximum hogs per exhib-

- itor will be 4 head at the fair.
- 8. Recognition of Family Owned Farrowed animals will take place after the Grand Champion Market Barrow drive and before the carcass contest.
- 9. All swine must be clean at the time of the Tuesday weigh-in, and the eartags should be clearly visible. If in the opinion of the weigh-in officials an animal is not sufficiently clean, the animal must be cleaned and returned to the end of the line before it will be weighed in.
- 10. All swine will be evaluated by the weigh-in committee when unloaded to be weighed and scanned on Tuesday. Any animals that have a serious injury, are structurally unsound, or exhibit cryptorchidism will be disqualified from the show and the auction and will not be eligible for premiums.
- 11. All State Fair tags must be removed from the swine before unloading at the fair.
- 12. All swine will be entered in the percent lean classes. There will be separate divisions for gilts and barrows.
- 13. Market swine will be assigned to a weight division based on the animal's Tuesday entry weight. Derby swine will be assigned to a weight division based on the animal's March weight.
- 14. All swine brought to the fairgrounds, including breeding gilts, must be

sent to slaughter -- absolutely no exceptions. Slaughter or locker facilities that have been designated to receive a swine from the fair, or anyone acting on behalf of such a slaughter or locker facility, must not knowingly allow that swine to be diverted to any other location prior to arriving at the facility, or allow that hog to be transported to another location after arriving at the slaughter facility or locker. If the slaughter or locker facility knows or suspects that the swine has been transported to any other location at any point prior to slaughter, the slaughter or locker facility is expected to immediately notify the Swine Department committee, the County Extension office, or the Fair Board. Upon notification of a suspected violation, slaughter or locker facilities are expected to cooperate with the committee, Extension office, Fair Board, and/or Department of Agriculture officials in any investigation of possible violations of fair rules or state regulations. Any slaughter or locker facility that willfully violates or ignores this rule will be ineligible to receive any animals of any species from the Delaware County Fair for a period of two years from the date of the suspected violation of terminal show rules.

15. Due to packer demands and concerns, it is strongly recommended that swine are not clipped. Hair should not be shorter than ½ inch. Reminder: NO clipping on the fairgrounds.

Exhibits for the 4-H Exhibit Building must be entered online in FairEntry by July 1. All conference projects that could be exhibited at the fair should be entered into FairEntry. If you need assistance with this please contact the Delaware County Extension Office before July 1. All exhibitors are responsible to read and comply with the Delaware County Fair 4-H General Rules, 4-H Conference Projects General Rules, and all 4-H department exhibit class rules and regulations.

- 1. Fair exhibit classes are broad categories. To plan exhibits, 4-H'ers are encouraged to use project materials to determine goals and learning experiences. An exhibit can represent an idea, a part or all of the learning involved in the respective project or program. Eligible exhibits are an outgrowth of 4-H'er's participation in the selected project or program during the current 4-H year. Exhibits can be done by an individual or group of members. Exhibits might be, but are not limited to, an actual product, poster, display box, report, notebook, model, videotape, audiocassette, etc.
- 2. An exhibit may only be entered in one project area with one goal.
- 3. School projects are eligible if a 4-H'er has set a goal(s) that can be accom-

- plished by both a classroom assignment and an outgrowth of a 4-H project goal. The intent is that a pre-determined goal has been set. The 4-H'er must realize that the evaluation criteria and exhibit guidelines for each opportunity will be different and should prepare accordingly.
- 4. The 4-H'ers goal & applicable exhibit standards will form the basis of the evaluation process. Evaluation criteria will include demonstrated learning, workmanship and techniques, and general appearance and design. Exhibit goals are a very important part of judging projects. Participation of the member during judging is imperative, as only they can truly express their goals and appropriately respond to questions from the judge.
- A written explanation, audio recording, or video recording is to be included as part of each exhibit. The exhibitor should respond briefly to the following questions about the exhibit:
- -What did you plan to learn or do? (What was your exhibit goal(s)?)
- -What steps did you take to learn or do this?
- -What were the most important things you learned?
- Judges have limited time to evaluate the total exhibit so the information needs to be well organized. The judge's decision is final. 4-H members, parents, and leaders need to respect their opinion and evaluation.
- 5. All project entries will be judged by schedule on Monday, July 8. Schedules for each club's judging time will be distributed to 4-H families and club leaders prior to fair. Exhibitors who cannot attend judging at their clubs' assigned time may attend judging at a different time established by appointment.
  - a. If a "special condition" arises which would prevent an exhibitor from participating at any time in the judging, that exhibitor must submit a written request to the Delaware County Youth Committee by June 15<sup>th</sup>. Upon acceptance of the written request, the exhibits must be taken for judging by another Delaware County 4-H or FFA member.
- 6. Up to **three** exhibits may be entered in a class if the exhibits represent different goals and learning.

- 7. Each item in an exhibit must be securely labeled, including the name of the exhibitor, the name of their club, and class number. A completed entry tag should be securely fastened to the main item in each exhibit in an easily seen location. Be sure to include the exhibitor's age and years of participation in the project/program.
- 8. If the exhibitor chooses a display to illustrate what was learned:

Posters may not exceed 24" x 36" in size.

Chart boards, graph boards, project presentation boards, model displays, etc., may not exceed 48" x 48" in size. Maximum size is determined by measuring the flat (unfolded) dimensions.

Display boxes may not exceed 28" x 22" in height or width and 12" in depth.

- 9. Copyrighted materials and designs may not be used in an exhibit that is presented as original work by the exhibitor. Exhibitors must include permission from the copyright holder/owner when using copyrighted materials. Exhibitors must give proper credit to the original source of all materials/designs used in exhibits. (See also special rules for Visual Arts and general copyright information for 4-H'ers.)
- 10. All exhibits, activities and programs must represent appropriate safety procedures in the development of the exhibit through the evaluation process.

## <u>DIVISION NO. 5D</u> OUILT BLOCK CHALLENGE

The Quilt Block Contest is designed to test your skills in designing your own creative and unique quilt block pattern. The Fair has worked with owner Kathy Wilgenbusch of The Quiltmaker's Shoppe in Manchester to pick out great fabrics to work with in making your blocks. A fun pattern has been chosen and paired with complimenting colors and fabrics to complete the kit. Quilters can stop in to the Fair Office, The Quiltmaker's Shoppe or the Extension Office to pick up their kit. Kits will be available by April 4th. The cost of the kit is \$5 and will be used to offset the cost of the fabric and quilting the blocks after the fair. The completed blocks need to be returned to one of these places by June 1st. All of the blocks will be displayed in the Open Class Creative Arts and Floral Hall during the Fair and fair-goers will have an opportunity to vote for their favorite block. The winner will be awarded a \$25 gift certificate. The completed quilt will be sold at the 2019 Fair.

## SHOW RING CODE OF ETHICS

The showing of registered dairy cattle is an important part of the promotion, merchandising and breeding program of many breeders. Additionally, it is an important part of the program of the various dairy breed associations to stimulate and sustain interest in breeding registered dairy cattle. This relates to both spectators and exhibitors. In this connection, the Purebred Dairy Cattle Association, the Iowa PDCC and the Iowa State Fair believe that it is in the best interest of the breeders of registered dairy cattle to maintain a reputation of integrity and to present a wholesome and progressive image of their cattle in the show ring.

It is recognized there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural and normal condition.

Conversely, the following practices or procedures are considered unacceptable in the show ring of cattle.

A. The following practices or procedures are considered unacceptable and defined as being fraudulent and/or unethical in the show ring of registered cattle:

- 1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
- 2. Treating the animal, particularly the udder, internally or externally, with an irritant or counter-irritant, or other substance to artificially improve the conformation.
- 3. Surgery or insertion of foreign matter under the skin, performed to change the natural contour of appearance of the animal's body, though not to preclude practices required or involved in normal management.
- 4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring, or other conduct detrimental to the breed or the show.
- B. Setting teats or manipulating a teat or alter its normal position such as to unnaturally hold it plumb or to alter its length is unacceptable and shall be given slight to serious discrimination by the judge.
- C. The following practices and procedures are considered to detract from the image of the show ring when carried to excess and will be given slight to serious discrimination in placing within class.
- 1. Excessive manipulation of hair.
- 2. Use of artificial hair except for false switches.
- 3. Unsportsmanlike conduct on the part of show person.
- D. The following practices should be encouraged to enhance the image of the show.
- 1. Establish uniform dress code for exhibitors in the show ring.
- 2. Recognize good herdsmanship and exhibits in the barn.

In keeping with the basic philosophy of the PDCA, ethics are an individual responsibility of the owner of each animal shown.

Violation of the Show Ring Code of Ethics will result in disqualification of the animal. The exhibitor may also be banned from showing in future years.
